COMMENTS

- I'm sorry we missed each other today. I knocked on your door when I arrived.

WHAT I DID AND WHAT TO EXPECT

- Today I treated your landscape for mosquitoes, which will significantly reduce populations of flying mosquito adults on your property. This will also repel mosquitoes that land on the treated plant material but can't completely eliminate the possibility of mosquitoes traveling from other properties. To ensure the success of the application, please remove any standing water that might be present on the property, especially after rainfall.
 - Today, I applied your exterior pest control treatment.
-
- Stay off of areas until treatment has dried.
 - How am I doing? Go to TruGreen.com, Account login, click on the Send us your feedback link. The feedback helps us give the best service. Please make sure you refer to me by name! Thank you!
 - If you have a neighbor that could benefit from the service, I would appreciate a recommendation. Thank You!
