TODAY'S SERVICE	DESCRIPTION	PROPERTY SQFT	DATE	TIME
TruHealth Lawn Plan	TruHealth Lawn Service	6217 sqft	11/18/2020	4:10 PM

COMMENTS

- Hello! To ensure social distancing as advised by CDC guidelines, I did not knock on your door today but was able to complete your TruGreen service. Thank you for choosing us to care for your property.

WHAT I DID AND WHAT TO EXPECT

- Today, I applied fertilizer and preemergent crabgrass control. This will help thicken your lawn and improve its color as well as prevent annual grasses and other weeds from becoming a problem later in the summer.
- Today, I treated for broadleaf weeds in your lawn. You should see weeds begin to decline in 7 - 21 days. For best results avoid mowing for 24 hours.

WHAT I RECOMMEND

- Please water in today's application with 1/2 inch of irrigation if rain is not forecasted for best results.

-
- Stay off of areas until treatment has dried.
 - How am I doing? Go to TruGreen.com, Account login, click on the Send us your feedback link. The feedback helps us give the best service. Please make sure you refer to me by name! Thank you!
 - I made sure to close the gate after I was done with the treatment.
-
- Thank you for choosing TruGreen. It was a pleasure to serve you today.
 - Please contact us if you have any questions or other concerns. Thank you for choosing us.
 - This is the last service visit of the season. I look forward to providing you with exceptional service next year!
