Micronutrient Fertilizer	Spring Fertilization	5255 sqft	4/19/2022	12:37 PM

COMMENTS

- Hello! Thank you for trusting us to care for your property. As a follow-up to my visit, I've left you my notes about what I did, and noticed today, and my recommendations for care between visits.

WHAT I DID AND WHAT TO EXPECT

- Today, I fertilized your trees and shrubs. This will help promote color, vigor and health of your landscape.

WHAT I RECOMMEND

- In the absence of rain supply one-half to 1 inch of water 1 to 2 times weekly. A rain gauge or even a tuna can will make a good measuring device.
- Please water in today's application with 1/2 inch of irrigation if rain is not forecasted for best results.

- How am I doing? Go to TruGreen.com, Account login, click on the Send us your feedback link. The feedback helps us give the best service. Please make sure you refer to me by name! Thank you!

- Thank you for choosing TruGreen. It was a pleasure to serve you today.
- Please chat with us using your TruGreen mobile app or access your account on TruGreen.com 24 hours a day if you have any questions or other concerns. Thank you for choosing us.
