**COMMENTS**

- Hello! Thank you for trusting us to care for your property. As a follow-up to my visit, I've left you my notes about what I did, and noticed today, and my recommendations for care between visits.

**WHAT I DID AND WHAT TO EXPECT**

- Today I applied an insecticide, miticide and fungicide to your ornamentals. This treatment will work on active leaf feeding insects and mites and slow any disease growth on your landscape as well as help prevent disease development on new leaves.
