COMMENTS

- Hello! Thank you for trusting us to care for your property. As a follow-up to my visit, I've left you my notes about what I did, and noticed today, and my recommendations for care between visits.

WHAT I DID AND WHAT TO EXPECT

- Today, I treated select plants in your landscape with Horticultural Oil. This application works to control scale as well as the eggs of some other insect and mite pests.

WHAT I RECOMMEND

- In the absence of rain supply one-half to 1 inch of water 1 to 2 times weekly. A rain gauge or even a tuna can will make a good measuring device.
- Please water in today's application with 1/2 inch of irrigation if rain is not forecasted for best results.

-
- How am I doing? Go to TruGreen.com, Account login, click on the Send us your feedback link. The feedback helps us give the best service. Please make sure you refer to me by name! Thank you!
 - Thank you for choosing TruGreen. It was a pleasure to serve you today.
 - Please chat with us using your TruGreen mobile app or access your account on TruGreen.com 24 hours a day if you have any questions or other concerns. Thank you for choosing us.

To optimize the effectiveness of your program, it is important to apply the right products at the right time. For this reason, your program continues from year to year without any action on your part.

Thank you for being a loyal TruGreen customer. TruGreen is proud to offer local, tailored solutions to give you an outdoor living space you can be proud of. To help partially offset inflation costs in fuel, materials, and personnel, and to ensure we are able to deliver the service you expect, we are updating our pricing. Beginning on 03/20/2023 you will see an increase of 9.1%.
