COMMENTS

- Hello, I knocked on your door to speak with you about your service. I'm sorry I missed you. As a follow-up to my visit, I've left you notes below. Thank you for trusting us to service your property.

WHAT I DID AND WHAT TO EXPECT

- Today, I applied fertilizer, preemergent crabgrass control, and broadleaf weed control. This will help thicken your lawn, improve its color and prevent annual grasses and other weeds from becoming a problem later on. This treatment will also control any broadleaf weeds in the lawn. Allow 7-21 days for weeds to begin to curl.

WHAT I RECOMMEND

- In the absence of rain supply one-half to 1 inch of water 1 to 2 times weekly. A rain gauge or even a tuna can will make a good measuring device.
